

Horizons C/D Fact Reviews

The Horizons C/D curriculum features “Fact Games” every tenth lesson, starting with lesson 60. Fact games provide students a great deal of practice with facts and vocabulary in a fun and reinforcing context.

Due to the popularity and success students have with the Fact Games, I’ve written “fact reviews” for the tests at lessons 10, 20, 30, 40 and 50, as well as answer keys for the reviews. Teachers may choose to use these as a review prior to each of the tests, using the same procedures as described in the Horizons C/D program.

Complete instructions for Fact Games are on pages 61-64 of the Teacher’s Guide and also in lesson 60 of the Teacher Presentation Book 2.

Permission is given to reproduce these materials for classroom use, in conjunction with the Horizons C/D program.
