My big brother is named Hank. He takes care of pandas at Animal Park. Hank tells me stories about his work. If I want, he takes me to see his pandas.

Hank begins his work day by feeding the pandas. Zoo pandas eat foods that wild pandas eat. They chomp on plants.

Then Hank might weigh the new baby. It is so small! Hank can hold it in his arms.

---

Between his chores, Hank just watches the pandas. He likes to think and learn about pandas. Hank tells me what he sees. Mom and her baby drink pond water. Dad sits close by.

Pandas have nice fur. They groom it every day. their light parts look as clean as snow.

Mom cleans baby panda. Dad lends a hand. Then they go to sleep. Hank and I go away quietly. We will be back to see the pandas soon.
