Miss Moon has cool art tools! We drew with pencils and markers. We found paints in every color, or hue. We shared the paints to be fair. We also used glue and paper. We even made our own paste!

I drew a moose with droopy eyes. That moose looked sad! I just knew I would paint him blue.

Lou made a cool trout. She drew that trout with sparkling glue! Then she painted it gold inside the glue lines. She might paint a bunch of those trout!

---

Mansoor drew a very good goose. He saw a goose land on the ground. The goose stood very still. Mansoor looked at that goose while he drew.

Sue drew zoo workers. One woman was cleaning with a broom. Another zoo helper was cooking food.

Miss Moon keeps our zoo book in our room. We add new art too. That zoo book makes us proud.

---
